The Shemotion Experience

Guided movement, free expression and a gentle return to grounding.

Get Out of Your Head

Quiet the mental noise through gentle movement, stretching, breath and positive coaching prompts. Nothing to perform. Just come as you are.

Move Into Joy

As the music builds, move freely with Katty's prompts. Release tension and reconnect with your playful, powerful and joyful self.

Land in the Afterglow

Gently settle through grounding meditation, music and storytelling. Breathe, notice the shift and carry that lighter feeling with you.

How You May Feel After Shemotion

Every Shemotion experience is personal. Hear how women have felt after joining us.

Meet Katty

I am a certified feminine embodiment coach with a focus on helping women reconnect with their bodies through guided movement, breath, coaching prompts and embodiment practices.

Shemotion brings these techniques into a supportive group experience designed to help women move out of their heads, release tension and reconnect with themselves without judgement or pressure to perform.
